Accepted: Karen Walker Seconded: Jason Sweetman

4. Business arising from the Minutes
 - a. None arising
5. President's Report
To Jandakot Lakes Members

The 2019/20 season was one full of excitement and anticipation as this was going to be my last season as President. I was in particularly happy that once again for the third year straight we went in with 15 sides from u10s through to u17s.

We had our u13s girls front up again for the third straight year for me shows the strength of our catchment community area as well as the outstanding job Mike Johnston has done for the club in keeping our girls together.

We decided to change up the blasters program to a Saturday morning as in previous years this was always on a Friday night, whilst numbers have dropped off at this level, we have not seen the same decline in our younger junior participants with once again three u10 teams going into the season.

Financially the club is in its best position for a number of years due to a committee that is fully committed to watching where our pennies go and using our funds to benefit the kids at our great club. Big thanks go out to our treasurer and recent life member inductee Karen Walker, Secretary Mel Walker, VP Mark Williams and newly crowned President Danielle Gray, without you guys well we wouldn't have what we have and for your commitment I say thank you.

On behalf of our club and our executive committee a big thanks to our coaches, team managers and volunteers without your commitment the club wouldn't be where it is right now either. I am staying on as the coach's coordinator for the next year to help out the crew.

This year we had an u13, u14, u15 and u17s team all make finals. That's four teams in the normal home and away season, as well as both our older teams u15/u17 made the T20 CUP grand final, unfortunately the result didn't go our way on this occasion, however Matt Walkers u13s team made it through and were awarded duel premiers for the 2019/20 season due to COVID-19. Well done to Matt and the blue boys on your success, lets hope you can all get together soon and celebrate.

Lastly, I am so grateful to have been involved in the club as a coach for 5 years a president for 4 years in total which equates to 3 seasons, I have seen kids grow and go on to make Districts teams represent their state and even Australia. While my time has come to an end, I will be hanging around to assist our new president Danielle Gray as a general member to finish off my tenure at the club. I thank all executive committee past and present for your support guidance and assistance, our general members some of whom have now stepped up into leadership roles at the club really does make me feel proud and content that our club will press forward into the future for the next strand of families to enjoy and have their turn.

As a sign off, I would like to wish everyone involved at Jandakot Lakes all the very best as we all have closely combatted Covid-19 and that all the kids come back next year bigger and better to tackle the next season.

Best regards

Jason Sweetman

6. Treasurer's Report

7. Secretary – Mel Walker

a. Life members –

k. It is with great pleasure that Karen Walker becomes our new Life member at Jandakot Lakes. Karen has been on our committee for the last 7 years. Karen has filled the positions of treasurer and registrar throughout her time at Jandakot as well as taking on positions when no one else would do them. She has been a great asset to the club and will be sorely missed.

b. All current Executive and General Committee Members stand down from their positions, nominations accepted.
